

# Certified Data Management Professional: Practitioner Level

Turn your knowledge and expertise into the most valuable professional certification and join 1000s of other professionals who all proudly bear the designation CDMP® (Certified Data Management Professional) behind their name.

Velisa Africa Academy hosts the training workshops and is the Exam Centre for the DAMA CDMP® certifications in Southern Africa.

“The **Certified Data Management Professional**® (CDMP®) credential is awarded to those who qualify based on a combination of criteria including education, experience and examinations of professional level knowledge. This certification was established by DAMA International in 2004 as the gold standard for measuring accomplishment in the data management field”

The CDMP® certifications are internationally relied on to indicate superior proficiency in Data Management

This certification is for those professionals who want to contribute as a professional team member on assigned tasks, for they are proficient in knowledge of concepts, skills and techniques of a particular data specialization
